

Coach in a BOX
by Zedar Coaching Systems GmbH

WORKING STUDENT (F/M/D) E-LEARNING DESIGN FOR TEAM COACHING

We are a start-up that enables every work team to work together effectively and with motivation. With Coach in a BOX, we have developed a software and hardware-based, collaborative training concept and we are now looking for support to continue the development by creating new eLearnings and training materials starting from September.

YOUR TASK

- Support in the design and development of coaching & training concepts as well as eLearning modules and training courses
- Participation in the creation and maintenance of learning content (text, video, interactive elements)
- Testing and quality control of eLearning content for functionality and user-friendliness
- Collaboration with suppliers and designers
- Development of accompanying information materials
- Compilation of learning materials & coaching materials
- Further product development support as required

YOUR PROFILE

- You are an enrolled student (m/f/d) in the field of educational science, media education, design, instructional design, business administration or a similar degree program
- You are interested in developing and designing digital learning content and are familiar with the Adobe Creative Cloud
- Basic knowledge of eLearning tools (Adobe Captivate) is an advantage
- Creativity and used to "the devil is in the details"
- Good communication skills in English; German is an advantage
- Independent and structured way of working

WHAT WE OFFER

- A varied and responsible job in a small, dynamic start-up
- Flexible working hours that are compatible with your studies
- Opportunity for personal and professional development
- Insight into and shaping of company processes and company structure
- A modern workplace in a great location in the Techbase Regensburg (right next to the university)

If you are interested in this exciting opportunity, then we look forward receiving your application by e-mail to:
